Disfear's 2008 masterpiece available on vinyl again. Relapse records did some pressings, later on the band licensed it themselves for some pressings for tours and now after some years it's the band and I getting it out on vinyl again. Their classic mix of intense hardcore punk with Swedish metal to create the perfect käng, in your face and relentless. The production by Kurt Ballou does the rest and with the powerful, crisp sound the 10 fierce songs with uncompromising socio-political lyrics are just an outstanding display of DISFEAR!
