

Eat My Fear - Taking Back Space 7"

EAT MY FEAR "Taking back space" black (REFUSE+EMANCYPUNX)
"Taking back space" is the second ep of the queer feminist hardcore punk band EAT MY FEAR from Berlin. It's a 6 song explosion in under 10 minutes, a loud, angry and still absolutely necessary mix of straight edge hardcore and queer punk, full of political expression. Adriessa's pissed vocals tell stories about the experience of migration, about animal exploitation, about not fitting in because of homo- and transphobia. And while Eat My Fear created a place for all their anger, their ep is also a manifesto about supporting each other, about not giving up but fighting back. Eat My Fear are fighting a fight that still needs to be fought, together with bands like G.L.O.S.S., IRON, RESPECT MY FIST or ANTI-CORPOS, which some of them they share members with. If you're ready to take back your space, this is the perfect soundtrack to fight back! This is co-release between Emancypunx Records and Refuse Records.
