*"Your favorite mid-tempo manglers are back and you should hold on to your fucking shit because this noisy hardcore punk outfit will make you want to fight someone. GAG is from Olympia WA and bring deranged, distorted and noisy hardcore with strength and anger. This record is a continuous attack on your senses. And I mean that in the best possible way! Ferocious dissonant hardcore focused in intensity and all-out rage. Experimental hardcore, an album of feedback and reverb drenched punk. A storming sea full of noise, with delayed waves!"*
