

Hällas - S/T LP (Rare Gold Vinyl)

When we did the summer clear-out of our warehouse we found a few lost items. A very limited number of copies are available. Probably never to be seen sold from us again.

Hällas - S/T

Format: LP

First press: Limited Gold version. Limited to 200 copies.

Hällas' debut album contains four tracks of adventurous rock that brings the listener back to an age where wizards and witches were still spoken of. The young Swedes have forged their debut album together from a foundation of prog and NWOBHM mixed together with a pain filled storytelling expressed by the vocals of Tommy Alexandersson. The twin guitars set an early 80's mode while the rhythm and organ give the album a solid 70's atmosphere. At 24 minutes the four songs tell stories about tyrants, knights, possessing demons and the end of the world.
