## Heatseeker - Infected Society LP

---

HEATSEEKER "Infected society" 12" black (REFUSE)

Heatseeker is spitting out 12"s of phlegm right in society's face. Society's norms are getting openly offensive, so this band has an angry and offensive response to all the bullshit. Raw and stomping hardcore - the result of aggression towards living in a fucked up political reality. This is your soundtrack as you bounce off the walls in solitary confinement.
