'Blue Haze' is the third album from Iron Lamb set for release the 26th of October on The Sign Records. Iron Lamb has raised the bar and the production provides a timeless sound that gives space for songwriting and craftsmanship. The weighed down and dark sense in the music stand next to a grim sense of humor. 'Blue Haze' is a new chapter where the band is not rewriting history. It's the start of something new. On 'Blue Haze' there is an overflow of impressions at the same time as there are no compromises with tremendous force that the band brings to the live stage. There are multiple dimensions and layers on the new album. An album that holds a dark and apocalyptic depiction.
