Lizzies 9 track debut album is an outstandingly fresh debut that showcases an impressive blend of shades of rock and metal. The band has a unique approach and an insatiable hunger for hooks and great melodies backed by a really strong capacity for composing simply good songs. Lizzies are a four piece heavy metal act from Spain, which perfectly combines both the aggression and the melodic edge of classic NWOBM with a breathtaking fury and dedication that results in an impressive blend of energy and attitude rarely seen among young bands like this. Their impressive riffing, and most specially their strength and power onstage, helped the band building an outstanding reputation that took them to play in Germany (Metalheadz Open Air & Headbangers Open Air), Sweden (Muskelrock) and England (Live Evil) and also to become one of the most promising bands of the underground scene in Europe
