"Madness Is Too Pure" is the second album from Swedish MaidaVale. The band took Europe with storm with captivating performances and their critical acclaimed debut album "Tales From The Wicked West".

The music on "Madness Is Too Pure" is deeply rooted in the monotone union between the rhythm section of Johanna Hansson and Linn Johannesson and the hypnotizing vocals of Matilda Roth. Adding Sofia Ströms dazzling guitar playing gives depth to the musical landscape of MaidaVale. 'Madness Is Too Pure' moves MaidaVale closer to bands such as NEU!, Amon Düül II, Public Image Ltd and Siouxsie and the Banshees.

The album was produced and mixed by Jari Haapalainen who has previously worked with artists such as Ed Harcourt, Camera Obscura, Johnossi, Sahara Hotnights, True Moon and The (International) Noise Conspiracy. The album was recorded during six days in November 2017 at The End Studio outside of Lund, Sweden, engineered by Tommy Tift (Vanna Inget, True Moon).
