Tales of the Wicked West is MaidaVale's debut album.. The four-piece with influences ranging over decades have created a sound based in the late 60's/early 70's music scene. With a modern take on blues rock the band have captured many audiences with their heavy and psychedelic vibes. A rock solid rhythm section provides lots of space for the blues influenced guitar. Adding Matilda Roth's powerful, charismatic vocals and the lyrical themes, political both on a personal level and world-devouring, makes Tales of the Wicked West an album that stands out from recordings made in this time and age.
