

## Regimen - S/T LP Black

Art.nr: GAP051

Label: Gaphals

12" Vinyl version of Regimen - S/T album. Comes black or clear/transparant vinyl in full colour sleeves and with printed innersleeves.

Regimen which have raised from the ashes of Commitment Crew (Crucial Response Records/Instigate Records) and have with their hardcore background both evolved and devolved that sound to everything between a snotty frenetic and raw Minor Threat to a melodically sing-a-long styled Masshysteri sounding KBD act. This debut album is without a doubt one of the most interesting Swedish hardcore debuts in a long time and is for the interests for fans of old-school hardcore and the new breed of Swedish hardcore like Sista Sekunden, UX Vileheads and Fy Fan!
