Thurneman is releasing their debut album after an uncountable amount of vinyl singles and ep 's during the last couple of years. With rough edges the band spits out 15 tracks of classic swedish hardcore mixed with early US Hardcorepunk influences - think Huvudtvätt, Missbrukarna and Raped Teenagers reproducing with Husker Du, Articles of Faith and early Poison Idea. Swedish Harcore Punk at it's best. "This band slays hardcore punk with a dagger cut from very strong ore."?—Daryl Gussin /Razorcake Magazine
