

Urbn - Incydent 7" EP

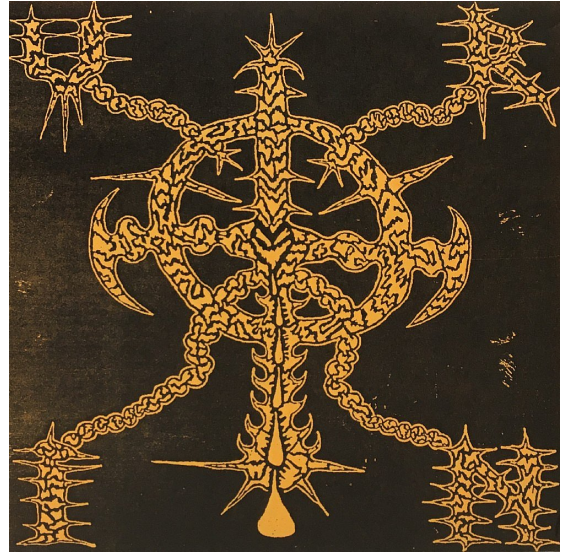

Art.nr: ETT - 072

Label: Erste Theke Tonträger

Members of Rock (Karolina), Piss (Per), Cuntroaches (David) and Vexx/G.L.O.S.S. (Corey), got together in Berlin and started this band.

This is raw lo-fi hardcore punk in the vein of SKITLICKERS - which seems to be blasphemic, but believe me, it is not! Most of the time I am bored when there are new bands trying to deliver hardcorepunk. So I have just a real ear for bands that take hardcore to some new, weird, and exciting places, so we bring you this EP.

Short, fast, loud, brutal, heavy, obnoxious, this is deadly serious raw punk, much better than most of the so called "raw punk" bands out there. It has that "broke into the studio in the middle of the night" sound quality. The vocals, drums and guitar tone - everything sounds like a lost 1982 recording out of Gothenburg. Four perfect tunes in the vein of Shitlickers and Anti Cimex! No compromises - just pure Swedish! Ultra! Mega! Raw! Hardcore! Punk!
