Shine is the debut album of Swedish sweetheart s Wildhart. The ten track album contains six new songs and four tracks from the bands debut EP . Wildhart´s atmospheric sound has been compared with the icy, ethereal Scandinavian qualities of acts like Little Dragon, The XX and Niki And The Dove. Their new album holds instant hits as Shake Off and Heal that reminds of the bands debut hyped single "Stuck in a second" and at the same time the new tracks has a more rhythmic drive than their debut. It is more complex but the music grows with each listen.
