

Xaxaxa - Tango Revolucioner

Art.nr: GAP004

Label: Gaphals

XAXAXA hail from Macedonia's capital city Skopje and features all three male members of Bernays Propaganda. "Tango Revolucioner" is their debut album comprised of ten fast, melodic, gut rocking tracks in the best manner of Hüsker Dü, Dag Nasty and Rites of Spring – an awesome retro flashback to the eighties, but nevertheless sounding very fresh, and carrying a similar message throughout their songs. Sharp lyrics are sung in their native Macedonian, however, the sincerity and expression that pervade the songs make you feel like they're sung in a language closest to you, no matter where you come from. Just close your eyes, immerse yourself and let XAXAXA be your guide, and you will surely understand very clear what they had to tell you. And the fabulous music which backs it all up can only help you out with this!
